

Text "YES" to 68453 to receive texts. If FHPS already has your cell phone number and you have not yet opted in, you will receive an automated text message. Text back "YES" to continue receiving texts. You'll know if you were successful if you receive a reply message. You'll want to repeat the opt-in process for any other wireless numbers that you wish to include.

Opting in doesn't automatically mean that you will immediately start receiving text messages. It means you have indicated your willingness to receive messages from the service when our district tries to send a text message to your number from SchoolMessenger.

In addition to performing the opt-in process, you'll want to make sure your child's school has the correct wireless number(s) in our student information database. If you haven't provided the information, please contact your child's school.

Through SchoolMessenger, Forest Hills Public Schools can deliver urgent alerts and other important information to our families via SMS text messaging. In order to participate, you must first indicate your willingness to receive text messages.

## FHPS URGENT NEWS @ YOUR FINGERTIPS

**PLEASE NOTE:** FHPS is NOT responsible for any text message charges you may incur by opting in to this service. Check with your wireless provider as rates may apply.
