

Learning Environment Information Form

When developing class lists for the coming school year, we follow a well-defined process and consider many things, including a child's learning style, academic needs, work habits, and personality. We also must address the heterogeneous make-up of classes, boy-girl ratios, and group dynamics. Creating balanced classrooms that focus on meeting ALL students' needs is our top priority.

Occasionally, parents/guardians may wish to provide additional information about their child to be considered by the Ada Vista placement team to aid us in this process. **We do not accept requests for specific teachers**, but if you want us to consider a **specific learning environment** for your child, please answer the questions below. See instructions below to submit this form.

Child's Name: _____ Grade Next Year: _____
