2023 Bond Update

Background of the 2023 Bond Proposal

In November of 2023, the Forest Hills Public Schools community approved a bond proposal to provide \$340 million to fund capital improvements through 2031. The Forest Hills Public Schools 2023 bond proposal had three key components: modernize learning spaces to prepare students for the future, improve athletics, fine arts and community facilities to enhance experiences, update infrastructure to address aging systems and inefficiencies. For additional [historical information about the 2023 bond, click here.](#)

Construction Blog
