The Family Educational Rights and Privacy Act of 1974, Section 99.34 states in summary that schools may send a student's educational record to officials of other schools in which the student seeks or intends to enroll, upon condition that the student's parents be notified of the record transfer, receive a copy of the record if desired, and have an opportunity to challenge the record contents. Because many school districts require parental approval before releasing student records, Forest Hills Public Schools requests the parent/guardian signature.
