GRADES 3-5 ***Issue 2, March 27, 2020***

Families are invited to explore these weekly resources that have been curated with grades 3-5 in mind. These resources are offered for families interested in additional ways to supplement learning activities beyond those that are provided by classroom teachers.

We hope students and families will find some digital spaces to explore, engage, and enrich personal learning interests at home. We plan to post new editions on Fridays.

RESOURCES AND OPPORTUNITIES

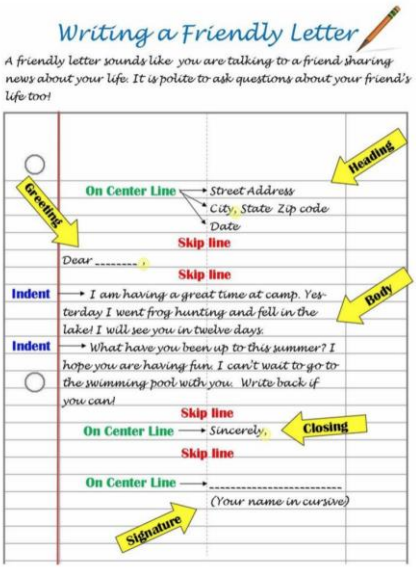
Wonderopolis: A place where natural curiosity and imagination lead to exploration and discovery in learners of all ages. What are you wondering about today?

Scholastic Learn At Home Grades 3-5: Day-by-day projects to keep kids reading, thinking, and growing.

STEM Stories: Phenomenon-based, interactive stories provided by the National Science Teaching Association (NSTA).

Confident Parents Confident Kids: A parent guide to support students' social-emotional development.

March Fitness Challenge: Keep your mind and body active.

LOW TECH / NO TECH ACTIVITY


We encourage you to write a friendly letter to a friend or family member. You could send the letter either in an email or through the U.S. mail. Need a reminder about friendly letter formatting? Check out this link!
