

## RESOURCES for Remote Learning

### MANDARIN CHINESE IMMERSION

Issue 2, March 27, 2020

Families are invited to explore these weekly resources that have been curated with Mandarin Chinese immersion students in mind. These resources are offered for families interested in additional ways to supplement learning activities beyond those that are provided by classroom teachers.

We hope students and families will find some digital spaces to explore, engage, and enrich personal learning interests at home. We plan to post new editions on Fridays.

## RESOURCES AND OPPORTUNITIES

**Story Time Video Book of the Week** - [Don't Let The Pigeons Drive The Bus](#): YouTube video (3:24 min).

## LOW TECH / NO TECH ACTIVITIES

Create a "maker box." Look around your home for supplies that encourage creativity, building, and invention. Some ideas: small cardboard boxes and tubes, Play-Doh, PVC plastic pipes and connectors, LEGOs, string, wooden building blocks, duct tape, Lincoln Logs, pipe cleaners, Q-tips, etc. What might you create? How might you share it with others?

Create a birthday card in Mandarin Chinese for someone in your family.
