

# RANGER SCIENCE FUND

Imagine 30 high school students using your kitchen and all of your food, bowls, gadgets, spices, and appliances for an hour every day. Then another group of 30 comes in, then another, adding up to 120-150 students per day. Just like in your kitchen, the Forest Hills Central High School science department glassware, supplies, and various pieces of equipment are handled and used for learning. Our programs are very hands-on and inquiry-based and need new inventory each year. Your donation will have a direct impact on our science students in the classroom.

## WHAT STUDENTS USE

- Cats for dissection in Human Anatomy and Physiology
- Reagents (substances or mixtures for use in chemical analysis or other reactions) for Chemistry courses
- Sample DNA and reagents for Biotechnology in AP Biology
- Casting materials for Forensic Science
- Sterile materials for bacteria studies in Biology
- Engineering and design materials in Physics
- Environmental test reagents in AP Environmental Science
- Independent research materials for student choice

## BUDGET DECREASE

As funding for public education decreases and the cost of materials and educational supplies increase, the FHC science department budget has seen a decline each year. In 2017/2018, our budget allowed us to spend a little over \$11.50 per student, which was not enough to meet our actual needs. Your donation to the Ranger Science Fund will supplement the high school science department budget.

## DONATE ONLINE AND FIND US ON FACEBOOK

Go to [fhpsf.org](http://fhpsf.org) to make a secure online donation. Please specify **Ranger Science Fund (FHC)** at the drop-down menu. Like and follow **Ranger Science Fund** on Facebook for the latest updates. Share and invite friends too!
