Occupational Health and Urgent Care For Work Related Injuries

Frequently Asked Questions

What is changing?

Spectrum Health recognizes increased access to Occupational Health expertise is critical. Over the coming months we will be integrating Urgent Care and Occupational Health and adding new locations to meet your business needs.

Why send your work-related injuries to Spectrum Health?

Urgent work injuries can be seen at any of our 6 Urgent Care locations. Clinic hours from 8 a.m. to 8 p.m. Monday through Sunday. Urgent Care locations provide easy walk-in access to medical providers knowledgeable in treating urgent work related injuries.

Non-urgent work injuries, work injury follow-up appointments, physicals, audiograms, and drug screens can all be pre-scheduled at an Occupational Health Clinic (Hub). For instance, a non-urgent musculoskeletal injury can be scheduled at an occupational health clinic. This model will reduce wait times so employees can get in and out and back to work. Below are our 3 locations and times of operation Monday through Friday.

- 426 Michigan Street NE, Grand Rapids, MI 49503
